### **DISTRIBUTION AGREEMENT IN NORWAY BETWEEN RED PLUS AND S4Sport**

We are glad to announce the start of our cooperation with S4Sport, whose expertise we count on to widen our scope of supply and cater for tennis clubs' needs further.

S4sport has over 50 years' experience within the Norwegian market and is based in Askim, a little outside Oslo.

Oddbjorn Dalen and his team at S4Sport are eager to have clubs feel the experience of playing on the revolutionary Red Plus tennis courts.

"The best performance happens on the best surface.

We are really looking forward to increase the offer of Red Plus, already a well-known reality in the Norwegian market.

We are confident our cooperation will contribute to even more people getting the opportunity to play on these fantastic courts in the near future".

S4Sport has had a long relationship with the Norwegian Tennis and Padel Federation, as well as with all tennis clubs in Norway
